## JURY PROBES ROLPH'S DEATH

### Investigation Held Last Night at Police Headquarters

### BIG CROWD PRESENT

**Caused by Pistol Shot Wound Inflicted by D. W. Stanton Says Jury—Stanton Gives $5,000 Bail.**

A coroner's jury, summoned by Dr. M. Jones, which met last night at police headquarters to investigate the circumstances attending the death of Jesse I. Rolph, who was shot Monday afternoon while near his home in Rosemont by D. Worth Stanton, also of Rosemont, gave a verdict to the effect that Rolph died Wednesday morning at the Alexandria Hospital from the effects of a bullet wound inflicted with a pistol fired by D. Worth Stanton.

Attorney Edmund Burke appeared at the inquest in behalf of Stanton and Commonwealth's Attorney Howard W. Smith for the state.

John D. Rolph, brother of the dead man, testified that the afternoon of the tragedy he and his brother had just started from their home at 13 Walnut street, he walking a short distance ahead of his brother when Stanton came up to his brother and accused his brother of having gone out with his, Stanton's wife. His brother remarked: "You have got the wrong man." Stanton he asserted had a club in his hand and swung it several times and finally his brother got it away from Stanton and witness started to pick it up, and just as he did Stanton shot his brother and he fell.

Witness on cross examination said that following the shooting he ran into the house and procured a gun and started to go across the field after Stanton but abandoned it at the request of his wife. He testified that his brother came here last July. At the time of the shooting his brother and Stanton were clinched and his brother had his arms around Stanton's neck.

On cross examination by Attorney Burke, Rolph said he had heard that his brother turned over to Mrs. Stanton the sum of $900. He said his brother was negotiating for a house with Mrs. Stanton.

Drs. Delaney and Warfield testified as to the wound inflicted and of having treated Rolph at the hospital.

Dr. Warfield said he told Rolph he was dying a short time before the end came and asked him if he had given any money whereupon Rolph replied he had given Mrs. Stanton $900 on a house he intended purchasing from Mrs. Stanton. Others who testified were Police Sergt. Scott, Policemen Smith, Bell and Durrer.

A key bearing the name of a Washington hotel in the pocket of a coat alleged to be the coat of the dead man was exhibited to the jury by Foreman Chauncey.

The inquest was largely attended.

Stanton today appeared in the Corporation Court and Judge Barley fixed his bond at $5,000 to appear in court to answer any indictment that may be presented against him. Bond was furnished immediately by Stan-

As heretofore stated the funeral of Rolph will take place at 5 o'clock this afternoon from his late residence, 13 Walnut street, Rosemont, and the body will be shipped tonight to Millington, Md., for burial.

### CHILDREN'S HOME SOCIETY

**Campaign to be Launched to Raise $150,000 in Virginia.**

Richmond, Va., May 15.—Faced by the impossible task of caring for a far greater number of children because of abnormal conditions brought on by the war and the influenza epidemic, and with its home already crowded, directors of the Children's Home Society of Virginia at their last meeting instructed its officers to conduct a statewide campaign to raise $150,000 for the purpose of saving the thousands of Virginia's unfortunate children it was announced today.

### GOVERNOR DAVIS ISSUES PROCLAMATION FOR DRIVE

Governor Westmoreland Davis last night issued the following, commending the drive of the Salvation Army:

To the People of Virginia:

During the week May 19, to 26, the Salvation Army will come before the people of America with an appeal for home service funds. The fearless and unselfish service so splendidly rendered by the Salvation Army on the battle fields of France in caring for the wounded and sick and in helping all who were unhappy or in want, has endeared the organization to us all, and its purpose now to establish a home service fund for greater service to the poor, to the suffering and unprotected and to the unhappy in our own byways in a cause worthy of the confidence and liberal support of the people of Virginia.

The Salvation Army has always given more than it has received in its beautiful service to the poor; Its workers went under fire and shared the risks and hardships of the front-line trenches with our gallant men overseas that they might serve them as brothers and sisters in the great cause of civilization; and now when it asks an appreciative and grateful public for assistance in further extending its usefulness here at home, I gladly and unreservedly commend the cause, and earnestly call upon the people of Virginia liberally to contribute to this praiseworthy work.

WESTMORELAND DAVIS,
Governor of Virginia.

### WOULD POOL ENEMY SHIPS

**Britain Would Reconsider Plan Giving U. S. Vessels She Seized**

Paris, May 15.—Renewed efforts are being made by the British delegations to secure an agreement calling for the pooling of former German merchant vessels and their distribution on a basis of tonnage loss during the war instead of the plan of the United States retaining those ships interned in America prior to that country entering the war.

Poland is laying claim to some of the warships surrendered by Germany and presented her claims to the council of foreign ministers this afternoon.

Washington, May 15.—Officials here do not believe that renewed efforts by the British Government to secure an agreement calling for the pooling of former German merchant vessels will be successful. Opposition by the United States when the proposal first was advanced defeated the British plan in the Supreme Economic Council, the decisions of which must be unanimous to be binding, and it was said here today that there was no reason to believe President Wilson had changed his mind on the subject.

The United States has 654,000 tons of German shipping, including some of the finest and largest of the former German liners. Approximately 350,000 tons of American shipping was lost in the submarine warfare and the difference probably will be retained by the United States and paid for in the final settlement of this country's claims against Germany.

### MOVE AGAINST BUDAPEST

**Allied Troops Hope That City Will Capitulate**

Vienna, May 15.—The allied troops which are marching on Budapest will not make any hurried advance on the city, according to information reaching the Acht Uhr Blatt, because the Allied Powers are convinced either that the Soviet Government will be [illegible] by the Hungarian counter-[illegible] or that the city will capitulate [illegible] fighting or bloodshed worth mentioning.

A decisive battle in the immediate vicinity of the city, the newspaper continues, would be likely to prove an extremely sanguinary one, as the soldiers of the Red Army, with no line upon which to withdraw are thus rendered desperate, would fight to the last to defend their lives. But if the Allied Powers advance, slowly, as they are doing now, the position of the Soviet Government, it is argued would become more and more perilous, as the counter-revolutionists are sure to find assistance in Budapest and as the increasing lack of food, would have an effect as adverse as the loss of a battle.

## TO LAUNCH SHIP ON MAY 24

### Betsy Bell Will Glide From Ways at 2 p. m., That Afternoon

### TO CELEBRATE EVENT

**Sister Ship of Gunston Hall Launched February 27, at Virginia Shipbuilding Yards.**

The Virginia Shipbuilding Corporation at 2 o'clock Saturday afternoon May 24, will launch its second ship the Betsy Bell.

The Betsy Bell is a sister ship to the Gunston Hall, which was launched February 27. It is a steel cargo carrier of 9,400 tons deadweight capacity.

On the occasion of the launching the yard will be thrown open to the public and everyone in Alexandria is invited to attend.

It is understood that the Gunston Hall is now nearing completion and will have its trial trip May 20.

The work of building the boats at the big plant of the Virginia Shipbuilding Corporation is now proceeding is a very satisfactory manner and the officials feel satisfied that from now on all of their contract work will be pushed forward without a hitch to completion.

On the occasion of the launching of the Betsy Bell it is expected that there will be a general outpouring of citizens to see her slide into the water as there was on the occasion of the launching of the Gunston Hall.

Citizens of Alexandria feel proud of this splendid yard and the business its coming has brought to old Alexandria.

### THE VICTORY LOAN WENT OVER —HELP THE SALVATION ARMY

John Gadsby, 65 years old, found a snug harbor with the Salvation army after twenty-five years hard life before the mast. He is a living and cheerful example of how the Salvation Army is spending its money to help the deserving poor. The army is conducting a Home Service Fund Campaign for $13,000,000, May 19-26 The money will be spent to relieve suffering, reform conditions of vice, and redeem fallen humanity in the slum districts of cities in the United States.

Gadsby has been ten years an employe of the Army and has paid his way, although he admits that it would have been hard for him to have held any other job during these last ten years.

During the years that Gadsby gave the best there was in him to service on the seas. the places of his employment were divers interesting craft. He has been on all sorts of windpjammers. As a result he is a fund of information concerning barkentines, but he admits he is not "jerry" to the modern twin screw steel steamer.

Gadsby can entertain for hours with wierd stories of the sea, some of which if written might rival those of Morgan Robertson, or W. Clarke Russel. Waiting for the wind, sometimes brings hunger and untold suffering and Gadsby has been all through little adventures like these. He has weathered storms on land as well as on sea. Like many sailors he was liberal in piping himself to grog when he came ashore and like many sailors when he retired from the sea he retired on nothing financial whatever.

### ISSUE GAME PAMPHLETS

Two game publications—one relating to tidal fisheries laws, the other to those of inland fisheries, games and dogs—have just been issued by Colonel F. Nash Billisoly, Commissioner of Game and Inland Fisheries.

Lewis H. Machen, director of the Legislative Reference Bureau, compiled the publications with the assistance of M. D. Hart and Robert T. Corbell, of Colonel Billsoly's staff.

New York, May 15.— Talk about a bull in a china closet—a trick elephant appeared at the Bronx Theater walked into the Criterion restaurant and helped himself to everything in sight.

### SUPPER GIVEN

**Class of St. Paul's Church Enjoy Spread and Address.**

A good old Virginia supper was served to St. Paul's Church Bible Class last night at the Parish hall and was well attended. The members of the class and quite a number of guests were seated at a table forming a hollow square.

The scene was a very pretty one with table spread with snowy linen, artistically decorated with flowing baskets of white flowers and lighted with the soft glow of yellow shaded candles. The menu consisted of ham, potato salad, rolls, dainty sandwiches, olives, pickles, mints, nuts, ice cream and cake.

Before the beginning of the evening's programme a short humorous sketch on "Woman" was read by one of the ladies who helped to serve the supper.

Dr. Geo. S. Klipstein, president of the class presided. The programe was begun by all joining in the singing of hymn No. 519, "Savior, blessed Savior, Listen while we sing." then invocation by Rev. Dr. P. P. Phillips, rector of St. Paul's Church.

A member of the class, Eugene B. Taylor having passed away since the last class supper, the assembly stood in silence with bowed heads in respect to his memory. Mr. Taylor had, just before his death, prepared a paper for this program. At the request of the president, Uban S. Lambert read this paper on "St Augustine —Christian Theology." The paper was beautifully written, showing a great deal of thought and research.

Following the reading of Mr. Taylors' paper, hymn No. 672 "Blest be the tie that binds," was sung in memory of Mr. Taylor—this being one of his favorite hymns.

Next on the program was a paper prepared by C. Philip Heishley, entitled, "Leo the Great, Foundation of Papacy." Mr. Heishley's paper was not only well prepared, but well read, and was full of interest from start to finsh.

Following this Dr. Klipstein handled the subject of John Wycliffe—"Dawn of Reformation," in a masterful manner. His sketch of the life and influence of John Wycliffe was excellent and he closed by applying Wycliffe's teachings and principles to the pulpit and pew of the prsent day. Rev. Dr. S. A. Wallis, an honorary member of the class, then gave a delightful talk on Martin Luther. He opened his remarks most beautifully with contrasting the former and the present religous consciousness of Germany. He spoke of the blessing that we have the memory of Martin Luther as a monument to the former religion of Germany.

This closed a series of subjects which Mr. Urban S. Lambert, the most efficient leader and teacher of the class has been leading up to in religious history. Mr. Lambert's work is excellent and shows for itself the great interest he has aroused and continues to hold in the class.

Rev. Mellichampe, rector of Pohick Church, gave by special request, a most beautiful and wonderful talk on the Immaculate Conception from a logical standpoint. Mr. Mellichampe's handling of this, the foundation of the Christian faith was most comprehensive and convincing. He spoke first of the testimony of the Mother of Our Lord as recorded in the writings of the Physician St. Luke, of the testimony of the husband of Mary as recorded in St. Mathews gospel and of other instances in the old and new testament of the birth by the spirit.

That God's spirit had brought in to being Adam, the first man, the earth and the kingdoms of the earth. That the birth of Christ was where the spirit of God and a human agent had brought into being a Creature which was at once God and man.

## DRY AGENTS WILL GIVE BAIL

### Inspector Hall and Three Deputies Will Appear Tomorrow

### BOND WILL BE FIXED

**Men Will be Accompanied by State Prohibition Inspector Peters Who Has Arranged for Bail**

Prohibition inspector W. C. Hall and his three deputies, state dry agents, held in connection with the shooting and killing of two alleged booze runners, who have had their cases transferred from Woodstock to Prince William county for trial, will appear in Alexandria at 4 o'clock tomorrow afternoon when their bond will be fixed by Judge S. G. Brent.

The men will come here accompanied by State Prohibition Inspector J. Sidney Peters who has arranged for furnishing bail for all four men.

As already stated in the Gazette Judge Whiting, on petition of counsel for the defense, granted a change of venue. The shooting and killing of Lawrence D. Hudson and Raymond C. Shackelford occurred at Fisher Hill March 26.

No date has yet been fixed for the trial of the men, The trial will take place in the circuit court for Prince William county at Manassas, Judge Brent of this city presiding.

### ACCUSED BY DYING WIFE

**Fatally Shot Woman Says Husband Plotted to Kill Man, Too**

Wilkes-Barre, Pa., May 15.—Told that she would not recover from a revolver shot wound inflicted by her husband, Mrs. John Neary, of No. 276 North Main street, yesterday charged the husband with an effort to commit double murder by luring Matthew Simpson, of Kingston, to her bedroom. Simpson refused to go to the room and Neary, she said, forced him to his knees and attempted to make him confess intimacy with her.

Peary's plan, said his wife was to get Simpson to her room, kill both and then plead the unwritten law. Failing in this he accused Mrs. Neary of infidelity, although in the 18 years of their marriage they have had 14 children, ten of them surviving. Mrs. Neary took oath to the above statements and to her own and Simpson's innocense of wrongdoing. She branded as a lie Neary's declaration that the revolver was fired by accident and she repeated his words in which she said he announced he would shoot her.

### MOTORS INTO PARSONAGE

**Driver Spoils Pastor's Supper, His Car 'n' Everything**

Millville, N. J., May 15.—While he was driving at high speed Tuesday night, John Wells, of Mauricetown, lost control of his car, and, leaving the road, crashed through a bay window into the parsonage of the Mauricetown M. E. Church and stopped in a mass of wreckage in the dining room.

After striking a sideboard and ruining $150 worth of fancy dishes, the car upset the supper table, where sat Rev. Louis Shelhorn and his family. The room was wrecked, but the pastor and his family escaped injury.

Wells and his wife sustained lacrations and bruises, while his 14 year old daughter Helen suffered a broken nose and other injuries. The automobile was demolished.

### EDITH CAVELL'S REMAINS

**Body of English Nurse Shot by Germans Interred in Her Native Town**

London, May 15.—The capital of the British empire mourned today for Edith Cavell, the heroic nurse, murdered by Germans in Brussels in 1915. Her body, exhumed from the plot where the Germans buried it, was received with impressive military hohors at Victoria station this morning. After services at Westminster Abbey, the body was taken to her native town, Norwich, for interment.

### HANG HIM TO TREE

**Angry Vicksburg Mob Saturates Negro's Head With Oil and Applies Match**

Vicksburg, Miss., May 15.—A mob of between 800 and 1,000 persons broke in county jail here last night overpowered Sheriff Frank Scott and twelve deputies, took Lloyd Clay aged twenty-four, a negro, from his cell, marched him to the heart of the city and hanged him with a rope to the limb of an elm tree, at the same time placing a bonfire under him after saturating his head with oil.

The negro died while a fusillade of shots were being fired into his body.

M. G. Cockrill, a deputy, was internally injured with a railroad iron the mob had used to batter down the doors of the jail.

Clay was arrested early yesterday by Sheriff Scott on charges of having assaulted a white girl at the home of a prominent citizen here. It was alleged that he entered the girl's room early yesterday morning. She screamed, it was said, and the negro ran, the girl tearing a piece of cloth from his coat. This was used to give a pair of bloodhounds a clue and the dogs trailed Clay to the Alabama and Vicksburg Railway station here. He was taken to jail, where the young woman was asked to identify him. She told the authorities she was not positive Clay was the negro.

Last night a crowd assembled around the jail. Sheriff Slott remonstrated with them, and while addressing the crowd a railroad iron in the hands of the mob was brought into play. The mob broke down three sets of steel doors, finally forcing their way to Clay's cell. When they appeared Clay is quoted as saying:

"Give me a minute and I'll tell you who the other negro—," but his words were choked off and the mob carried him to the street, where he was placed in an automobile truck and taken to the scene where the lynching occurred.

took place is near the home where took place i snear the home where the alleged assault occurred. A rope was fastened around Clay's neck and oil applied to his head. Clay, it is said tried to lift himself up by the rope and his hands were tied. As he swung from the ground a match was applied to his head and a bonfire started under his feet. A fusillade of shots into the body followed. Charles Lancaster, an onlooker, was shot through the head and it is believed he is fatally wounded. Bennie Stafford another onlooker, was shot through the arm.

Authorities last night said the lynching is the culmination of feeling which has resulted from a series of attempts by negroes in Vicksburg and vicinity to attack white women and girls.

### HONOR FLAGS

**Business Firms Should Make Application to Chamber of Commerce**

The Victory Liberty Loan Committee wish to call attention to the fact that all business concerns of ten or more employes are entitled to an Honor Flag when 75 per cent of their employees have subscribed to Victory Liberty Loan Bonds. These flags can be secured from the committee at the Chamber of Commerce, but the matter must be attended to at once.

## NEWS OF CITY TOLD IN BRIEF

The board of directors of the Chamber of Commerce will hold a meeting at 8 o'clock tonight.

An overheated stove pipe at the Monticello Cafe at 807 King street caused a blaze which did several hundred dollars damage shortly before 11 o'clock today. Chemical extinguishers were used in subduing the fire.

The official board with the members of the Trinity Methodist Church will hold a "Get-together" Social Friday night in that church at which time they will begin the local drive to assist in raising one hundred and five millions of dollars for missions throughout Methodism.

Mrs. Nannie R. Saum, fifty-five years old, wife of A. F. Saum, died last night at her home near Lincolnia, Fairfax county .The deceased was the mother of Earl W. Saum, this city. Her funeral will take place at 2 o'clock Saturday afternoon from the Episcopal Chapel at Lincolnia, Fairfax county.

The funeral of Mrs. Ella Smith, fifty-two years old, wife of Thomas Smith, who died Tuesday afternoon at her home at Hume, Alexandria county, took place this morning from St. Mary's Catholic Church. Services were conducted by Rev. Louis Smet pastor, and burial was in St. Mary's cemetery.

Judge John G. Goolrick, of Fredericksburg, Va., has been designated by Governor Westmoreland Davis to preside at the third trial of William H. Oehlert, charged with shooting and killing Linwood Kidwell, which occurred November 12, 1918. A date for the trial will be determined upon Monday.

### GUY T. HORNER IS NOBLE GRAND MASTER

The Grand Lodge of Virginia, Independent Order of Odd Fellows, convened in its opening session Tuesday at the Jefferson Hotel. Mayor Ainslie welcomed the delegates, who are here from all parts of the state, after which the convention immediately launched into the business before it.

Officers elected Tuesday afternoon are as follows: Noble grand master, Guy T. Horner, of Branchville Lodge No. 192; W. E. Beverly, deputy grand master; Dr. W. S. Gregory, of Roanoke city, grand warden: T. Wiley Davis, grand secretary; Mell B. Fergusson, grand treasurer; Rev. J. E. Allison, grand chaplin. The remaining officers of the grand lodge will be appointed today.

Following the business session yesterday morning, the delegates were entertained with a program of songs and recitations, concluding with a flag drill, by twenty-two of the older girls from the Odd Fellows home at Lynchburg. They were very much impressed with the showing made by the young women, who have made remarkable progress while at the home. They will be entertained last night by Henderson Lodge, No. 105, on the Southside.

At the meeting last night in the auditorium, which held a capacity crowd, competitive drills were staged by the degree teams of Patrick Henry Lodge and Henderson Lodge.

The newly elected officers of the grand lodge will be installed with the usual ceremonies tonight, which will mark the close of the convention. Business sessions will be held in the morning and afternoon.

Following an excellent exemplification of the Rebekah degree by the Friendship Rebekah Lodge No. 11, last night in Odd Fellows Hall, where the Rebekah Assembly convened in its annual session, Hill Montague presented the degree captain, John W. Dunn, with a handsome gold ring. Refreshments and a dance followed.

## THE CASE OF AUSTRIA

Nearly five years ago, when it became to be realized that the Central Powers of Europe were about to precipitate a world war, and that Austria would be forced to play a conspicuous part, attention was directed more closely than ever to the history of the dual monarchy.

It was alleged that while Austria-Hungary had for many years engaged but little in actual warfare, the Hapsburgs almost invariably benefitted among others. It was so after the Balkan States fought Turkey, and, acting upon former principles, the late Emperor Francis Joseph appropriated Bosnia and Herzegovina, which act of brigandage brought on the great European struggle.

Austria-Hungary was a polyglott empire. Many different languages are spoken by peoples forced to live under Austrian rule. The hope was often expressed that the time would come when the vassals would be given an opportunity to work out their own determination. The empire had long stood as a house of cards, and the structure tumbled after the armistice had been signed.

Attention is directed to the fact that Austria-Hungary will be the next of the Teuton allies to go into the prisoner's box for sentence. The peace problem in her case is simple. The Dual Monarchy pays the penalty of its crimes by extinction. Not only is the Hapsburg dynasty abolished, but the historic empire to which it furnished a band of union is torn to bits.

The settlement with the Dual Monarchy will be essentially a political and military settlement. A once great empire is dismembered. Italy takes the lion's share of the spoils.

This is a retribution more sweeping and melodramatic than that which the Allies have imposed on Germany. It may hurt less, for its pangs are sooner over. It is political rather than personal. Its political character is emphasized by the lack of any provision for bringing the Emperor Karl to trial. He inherited the war, and prosecuted it reluctantly. But even if the aged Franz Josef had survived the Allies would probably not have held him to personal accountability. He was a figurehead, whose confidence was abused by the unscrupulous statesmen who surrounded and controlled him. He didn't relish his predicament. He is credited with saying in his last days; "There is no longer anything high-toned about war."

## LESSON FOR THE YOUNG

Most young people neglect to take advantage of the facilities for acquiring an education. They leave school as soon as possible, discard their books, and make comic newspaper sheets their classics. Such enter manhood, slimly equipped for the responsibilities of life, while many of their former school mates are climbing the ladder which leads to prosperity and fame.

Millions of dollars are spent annually in maintaining public schools. The state does its duty, but multitudes it desires to benefit are recreant and virtually live and die in ignorance.

The Gazette has on other occasions referred to the exertions of the City School Board of this city several years ago to maintain a night school for youths who were compelled to work during the day. A corporal's guard attended at first, but in a short time it was found impossible to get two or three to assemble.

The following paragraph from the Bureau of Education should be studied closely by every boy and girl in the land:

"From a study of a large number of actual cases it has been found that at 25 years of age the boy who remained in school until he was 18 had received $2000 more salary than the boy who left school at 14, and that the better educated youth was then receiving more than $900 a year more in pay. The boy who left school at 14 at the time the investigation was made received an average of $4 a week, his wages increasing each year to $7 a week at 18. The boy who remained in school until he was 18 began work at $10 a week. At 20 the salaries were $9.50 a week for the boy who left school early and $15 for his better-trained competitor. At 25 they were earning $12.75 and $31, respectively, and total wages up to that time has been $5122.50 and $7337.50, so that the boy who remained in school had earned nearly 50 per cent, more in eight years than the other had in 12 years."

## PUT THEM TO WORK

Rev. Joseph T. Mastin, secretary of the State Board of Charities and Corrections, declares that the State's system of handling prisoners is all wrong and that it should be changed at the next session of the Legislature. If his scheme becomes effective the jails will be merely places for detention of persons convicted of crimes pending transfer to the roads or who are unable to pay their fines. He would have every commitment to prison mean that the person so convicted should be set to work on the highwayss. He says that the jails of the State are breeders of disease, crime and laziness. There are now less than 500 able-bodied men in the jails who are being fed and clothed and guarded at the expense of the taxpayers and they should be sent forthwith to the roads. Dr. Mastin says. The employment of this number of men on the roads would mean a saving to the State of $1 a day or not less than $15,000 and the State would have something to show for the support of the men.

At the meeting of the Common Council of Alexandria last night Mr. Lawler suggested that the $1,200 appropriation in the appropriation bill for the chain gang be omitted, as he said no work of any consequence is done by this gang.

## PROHIBITION IN VIRGINIA

Prohibition is not so much on trial in the case removed from Woodstock to Manassas, Va., as the intemperate and fanatical spirit in which it may be enforced. Unfortunately in Virginia as well as in some Western States, the enforcement of the law seems to have been intrusted to religious zealots, who have come to consider its violation the most serious crime that could be committed by human beings. "Bootlegging, as we understand, is only a misdemeanor, under the Virginia law, but the "dry" officials who are to be tried at Manassas made it a capital offense and inflicted the death penalty without the leave of judge or jury. They will plead self-defense, a plea which is easy to make, since the two men whom they killed—one only a boy of 18—cannot contradict them.

Whether this plea is true or not, their own reported versions of the affair seem to suggest that they were quite ready to take part in a life and death encounter and that they were prepared to treat failure to surrender immediately as warranting the most desperate measures.

If this were the only instance in which this spirit of fanatical bitterness had been manifested, this exhibition of excessive zeal might be attributed to the personal temperaments of these particular agents. But there have been numerous complaints that this same brutal and Prussian mental attitude characterizes the general administration of the law in Virginia.

In the West booze runners and smugglers have, it seems, been dealt with in the same ferocious and vendictive spirit in which this particular law constituted the climax and quintessence of human depravity.

If prohibition is to maintain its hold, it must be divorced from fanaticism. It cannot be dragooned into the life of the country. It must appeal to the reason and sound judgment of the country on its merits as a promoter of general welfare. Every incident like that involved in this Virginia case tends to create a reaction and arouse fresh doubts as to the wisdom and practicability of the effort to control absolutely the personal habits of one hundred million people.—Baltimore Sun.

*We serve all tastes*

A recent Government bulletin quoted sirloin steak in different cities at prices ranging from 33 to 66 cents!

We buy live cattle, according to quality, all the way from $7.00 to $20.00 per hundred-weight, live weight. Sirloins from these cattle vary greatly in quality.

Some retailers sell 33 cent sirloins. These steaks come from cheaper cattle.

Customers of other retailers demand choice sirloins at 66 cents. These retailers buy meat from higher-priced cattle.

Also, the retailer who carries complete stocks, delivers to your door, and lets you run a charge account, has to get higher prices than the retailer who runs a "cash and carry" store.

We sell beef of a given quality at practically the same price all over the country—except for slight differences due to freight rates.

And our profit hardly affects the price at all—only a fraction of a cent per pound.

## TWICE AS MANY GIRLS

### With Only About Half Enough Males, Prospects for Husbandless There Are Dark

Nineteen women to every 14 men in England.

Twice as many women as men of marriageable age (15 to 40 years)—

Young war widow's remarrying by the hundreds.

There you have in a nutshell one of Britain's grave peace time problems—no less troublesome to the marriageable British girl.

It vitally affects the future birth rate and man power of the United Kingdom.

And as for the girls—the chances are about two to one against marriage.

There are only about half enough men to begin with, and the rate at which war widows are remarrying makes the prospect blacker than ever for the husbandless.

So serious is the problem that emigration of British women to the United States and Canada is frankly and energetically encouraged.

And such emigration is being just as openly and energetically opposed in Canadian and American quarters.

It is difficult for British girls of marriageable age to get their pass ports vised for America.

There are organizations for promoting the emigration of British women to the United States and Northwestern Canada.

Protests are pouring in from Canada to Lady Muir Mackenzie's proposal to send a million and a half surplus British women overseas to get husbands.

One telegram published inquires: "Does she not think overseas girls may need husbands, too?" The interview of the wife of the Ontario Premier, disapproving of the scheme, is widely discussed in England.

Thousands of Americans were puzzled when Britain, in extending the franchise to women, set the minimum age for a woman voter at 30 years instead of 21.

The reason goes right back to the manshortage. The Government thought it advisable to have something like a parity between men and women voters. If women were given the vote at 21 there would be thousands and hundreds of thousands more women voters than men voters.

Between the ages of 15 and 40 there are 9,542,655 women to only 4,492,927 men, or almost twice as many marriageable women as men.

## AUSTRIAN DELEGATES

### Chancellor Renner Says He is to Take Home a Treaty to End Suffering

St. Germain, May 15.—The Austrian peace delegates arrived here shortly before 6 o'clock yesterday evening.

Chancellor Renner, head of the delegation, declared in an interview with the Basle correspondent of the Agence Radio that he intends to return to Vienna with a peace that will end the sufferings of his country.

"I intend to follow the decisions of the national assembly while at St. Germain, and return with a peace ending the sufferings of my country," he was quoted as saying.

We want a union with Germany, although we did not want it two years ago. At that time we believed Austria could join with Czecho-Slovakia. Jugo-Slovakia and Rumania in a close federation. But the Czech and Jugo-Slavs are now our enemies and the situation, unfortunately, is changed."

## MOONSHINERS KILL DEPUTY.

### Alleged Slayer Shot Before Victim Loses Consciousness

Bluefield, W. Va., May 15.—Deputy Sheriff H. M. Blankenship, of McDowell county, W. Va., was shot and killd at Jenkin Jones, near here, Tuesday when a party of officers, engaged in loading a captured still on a trail, was attacked by three alleged moonshiners. Will Murray, a member of the attacking party and the man who is alleged to have shot Blankenship, was shot and seriously wounded by the latter before he lost consciousness.

Alex Billips, said by authorities to have been in the attacking party, is under arrest. Posses are searching for the third man.

## RAINBOW MAN FLOODS JAIL

Danville, Va., May 15.—John Schultz, a native of Germany, but who fought with the Rainbow Division and who was fined recently as a vagrant and who went to jail, caused such trouble Tuesday evening that the fire dpartment and a squad of policemen had to be called out to cope with him. Early in the morning he had made such an outcry that he had to be removed to the dungeon. In the afternoon he was put back in a cell, and then knocked off a water pipe faucet with the result that one section of the jail was flooded. The man was of such powerful build that the jailer did not attempt to subdue him, and much time was lost in getting the requisite number of policemen on hand. Firemen were called to cut off the water supply to the jail.

**Soldier Comes Home And Calls Sister on Telephone**

Emporia, Kan., May 15.—When Mrs. Clayton Childers, of Emporia, was called to the telephone at 5 o'clock one morning recently, a voice she thought she recognized asked her what were the chances for getting something to eat, and then she was sure she recognized the voice. It was her brother, Charles Brown, of whose death Mrs. Childers received official notification last autumn.

This report afterward was disputed, and later a letter came from young Brown, dated January 16. This was the last time Mrs. Childers had heard from him, and at that time he was in a hospital suffering from gunshot wounds.

Another brother of Mrs. Childers was killed in action in France, and another has returned and is at work in Emporia.

Before medical aid could be summoned she was dead. Coroner Nevitt issued a certificate of death from heart failure. The body was removed to the home of her parents.

**TABOO BUSTS IN BERLIN**
**Municipal Council Would Remove Statues of the Dethroned Hohenzollerns**

Marble busts, paintings, lithographs and chromos calculated to keep green the memories of the dethroned Hohenzollerns are to be removed from public administration buildings, schools and other official premises in Berlin as a result of the resolution adopted by the Municipal Council.

The debate on the motion, introduced by both Socialistic factions, evoked a sharp protest from bourgeois parties against the proposed iconoclasm, especially as Chief Magistrate Wermuth, contrary to expectations, announced his willingness to accede to radicals' wishes, declaring that the walls of public buildings should only be adorned with symbols of the prevailing authority of the State instead of those bygone rulers. He begged the Council to repose sufficient confidence in his ability to perform an embarrassing duty with needed delicacy and tact.

The Democratic Deputies attempted to shame the radicals by telling them that even the French refused to stoop so low as to remove the likeness of the Bourbons and that Napoleon's tomb was still a revered shrine.

COAL. LUMBER AND BUILDING MATERIALS

W. A. SMOOT & CO. INC.

**Your Next Winter's Coal**

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

### CUMMINS IS CHOSEN

**Senator Lodge is Re-Elected to Leadership of Republican Party**

Washington, May 15.—Senator Cummins, of Iowa, favored by the progressive group, was chosen unanimously for President pro tempore of the Senate at the organization conference yesterday of Republican Senators.

Senator Lodge of Massachusetts, was re-elected party leader and discussion of the controversy over committee chairmanships for Senator Penrose, of Pennsylvania and Warren of Wyoming was postponed.

A committee of six Senators called on Senator Johnson of California before the conference met and urged him to accept the Presidency pro tempore, but the Senator again declined the position.

The committee consisted of Senators Kellogg, Minnesota; Frelinghuysen, New Jersey; Sutherland, West Virginia; Calder, New York; Hale, Maine, and Curtis, Kansas, who had been mentioned for the position, but who has been active in seeking to adjust factional difficulties.

Senator Lodge was authorized to appoint a committee on committees, and pending its report the fight of the progressives against election of Senator Penrose to the chairmanship of the Finance Committee and of Senator Warren as head of the Appropriations Committee will be held in abeyance. The progressives, however, at a meeting before the conference, determined to pursue their opposition to the Senate floor if necessary. Some of the progressives said they had reports that the democrats might be asked to co-operate to elect Senator Penrose by absenting themselves when the Finance Committee is organized and thus offsetting the progressive opposition.

### CATTLE CAUSES DUEL

**Pistols Used by Belligerents. One Dead; Other is Dying**

Birmingham, Ala., May 15.—Fletcher McCary, 54, is dead and Grover C. Harper, 31, is expected to die from wounds received late Tuesday when the man fought a pistol duel in front of Harper's home.

The affair was the outcome of alleged trespass by Harper's cattle on McCary's farm a few miles out from Birmingham. McCary sent the cows to the city pound and Harper, it is alleged, taxed him with the matter.

According to witnesses, both men began firing closely together. McCary fell first but continued to fire until he died. He was shot through the heart and the neck, either wound being of a fatal nature.

Harper suffered sixteen perforations of the intestines. Hospital authorities here assert he will die.

**Director Barnes Takes Steps to Force Wheat Down**

New York, May 15.—An immediate reduction in the price of wheat reaching all down the line, from the producer to the baker, is believed assured, according to a statement issued yesterday by Julius Barnes, Wheat Director, following a prolonged conference yesterday between Mr. Barnes and representatives of the grain industry, including grain handlers, millers, jobbers and bakers.

## MR. FAMILY MAN:

Do You Spend So Much Money on Shoes?

Here is what Tracy Munson of Joplin, Missouri, says of Neolin Soles: "Judging from my own experience, they wear four times longer than other soles and have the additional advantage of being waterproof and slip-proof."

Why continue to wear extravagant old-fashioned soles when you can get these money-saving, long-wearing soles on new shoes in any style you like for any member of the family? Good shoe stores everywhere carry them.

And don't throw away your old shoes. Have them re-bottomed with Neolin Soles and enjoy the comfort of a re-soled shoe which is not stiff or clumsy. Neolin Soles are a discovery of Science, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Gentlemen:

It may be of interest to you to know just what service we are getting out of the Diamond Tires purchased through you.

The writer has been acting as Transportation Superintendent covering all motor vehicles for the Virginia Shipbuilding Corporation, and we have about eight (8) cars in service, all using Diamond Tires for the past eight months. We have used this make exclusively, and find that the service rendered by these tires is more than gratifying to us under these trying conditions. These Tires average over 5,000 miles and we feel assured that this information would be of interest to you.

Any inquiries you might wish to direct to us relative to these tires and the service we have secured by using same, we would be pleased to furnish at any time.

Thanking you again for your excellent service, beg to remain,

Very truly yours,
(Garage) H. E. GARDNER.

## THEATRES

### GRAND THEATRE

Only those who were directly connected with the production will be able to explain how the unusual scene of Louise Glaum falling headlong through a large pier mirror was made for "The Wolf Woman," the Triangle "vampire" story by C. Gardner Sullivan, in which Miss Glaum and Charles Ray are presented as co-stars.

Come early and get a good seat.

### Richmond—"Help! Help! Police!

Into recent film history have been written the names of a variety of capable actors who have entertained the public by providing thrills. In this class belongs George Walsh, former speed king of the cinder path and erstwhile player of professional baseball. Walsh doesn't ask us to take our thrills in homeopathic doses, either, and he gives us with them, for good measure, a palatable coating of comedy. In witness whereof is cited "Help! Help! Police!" a comedy drama, produced by Wiliam Fox, which will be seen at the Richmond Theatre tonight.

A Harold-Lloyd comedy will also be shown

### INGOMAR—"THE DRIFTERS"

J. Warren Kerrigan will appear before his admirers at the Ingomar Theatre tonight in a role and story entirely different from anything he has done before. With most of the action taking place in the snowbound regions of Alaska, where three men and a girl find their lives strangely interwoven, "The Drifters" mysteriously unfolds an absorbing plot.

### SAW OWN TOMBSTONE

**Soldier From Maine Saw Name of Grave at Cambrai**

Bangor, Maine, May 15.—Wilford G. Oakes, of Patten, who returned home after a remarkable record of service in a Canadian artillery regiment, had the experience, near Cambrai, of viewing his own grave, with his name inscribed on a rude slab over the last resting place. He took a snapshot of the grave as a souvenir.

Oakes was severely wounded several times. In one battle when he was wounded he lost his identification card. His jaws were shot away, making it impossible for him to communicate his identity, and as he was missing from his company his death was finally reported. Some other soldier was buried under his name.

A surgical operation gave him new jaw bones, and today one has to examine his face careful'y to find the scars.

When young Oakes enlisted in 1914 he was 17, but his discharge papers give his age as 25 years. This is because he was so anxious to enlist that he raised his age. Oakes has been cited for bravery and has received a medal of honor.

### BELIEVE HUNS WILL SIGN

**Address More Communications to "Big Four" Yesterday**

Paris, May 15.—The "big four" yesterday received three new notes from the German delegates relative to the peace terms. Their nature was not disclosed.

Seven communications concerning the treaty have thus far been delivered to the allies. The requests contained in the first two were promptly refused. The second two, dealing with labor and German war prisoners, were referred to a special committee of experts.

Confidence was expressed in high quarters that, notwithstanding the present flood of communications from the Germans, they will complete their objections to the terms well within the fifteen days' time limit and that the allies will have made full reply within another ten days.

The same authority admitted the cleverenss of the labor note, which may be used as a wedge for more objections, and also as a means of winning the sympathy of certain radical elements throughout the world.

CUT THIS OUT

Special Notice: Dr. Frederick Jacobson says that phosphates are just as essential to any woman who tires easily, is nervous or irritated, worn out or looks haggard and pale, to make a strong, robust, vigorous, healthy body, as they are to make corn, wheat or any vegetable plant grow strong and healthy. The luck of phosphates is the cause of all anemic conditions and the administration of 5-grain Argo-Phosphate Tablets will increase the strength and endurance 500 per cent in a few weeks time in many instances.
